

Wild Weather!

I should already know: -

- > The names of the 7 continents of the World and the 5 oceans.
- > There are 4 seasons: Spring, Summer, Autumn, Winter.
- > What is like to live in different areas around the world— my local area, the seaside, the Amazon rainforest, the desert, and cities such as London or Beijing.

The United Kingdom (UK)

The weather in the United Kingdom can change from day to day.

Weather in the same country can be different— inland towns (Harrow) can have different weather to coastal towns (Torquay).

The four **seasons** have particular weather patterns.

In a **weather forecast**, **symbols** are used to show what the weather will be like in a particular area. People check the weather forecast before they make plans for a day out.
